You niggas don't amount to nothin' & me, I'm top notch boy
Any problems I cock, glock sparks & knock out hearts
You see tha ice twink we I talk, ya blink & ya dead
I'll let a hollow tip sink in ya head, so think it over
'Fore they find ya ass hangin' over a bridge & shit
While I'm out drinkin' wit tha squad like I ain't did tha shit
I really hope ya click come back for revenge & shit
I'll make bullets drop on ya block like pidgeon shit
A nigga duct tape ya ????? don't get me pissed
Put hollow tips in clips like chips in dip
Bitch nigga here could flip tha script, ya not built for dat
Ya not soldiers, ya get killed for dat
I'll cock & pop one in you cattle, push your filta back
An niggas respect tha shots, make 'em tilt your hat(what you)

(Chorus)

You don't want no trouble nigga - yes we do
Come on tell tha truth nigga - man yes we do
An you don't want no beef nigga - yes we do
Come on tell tha truth nigga - man yes we do
You don't wanna hustle nigga - yes we do
Come on tell tha truth nigga - man yes we do
An you don't want no drama nigga - yes we do
Come on tell tha truth nigga - man yes we do

(B.G.)

My name still B.G., we it's said it rang a bell
In rich neighborhoods, middle class hoods, & jails
I'm a street nigga, sold ounces of crack cocaine
If I spit it, I did it, before I got in this rap game
One of my hobbies is beef, do that for pleasure
It's nothin' to bust a head, put a few wholes in ya sweater
Never get in a situation wit me involvin' guns
Never able to sleep always on tha run
One way or another you gonna come
Outta isolation, if it mean killin' ya ??
You thinkin' cause I'm rappin' & be on television

That I won't soften ya head & come split it
Close range is fake, bustin' from a distance
Tha shit I'm talkin' my nigga, I'm still livin'
If any nigga want it, can get it wit no problem
All these niggas playin' but me, I come to stop it

(Chorus)

(Turk)

I don't play nigga
Better watch what ya say nigga
Cause I f**k up ya day nigga
Wit this K nigga, I gets very low down

Give a f**k about a nigga, hit 'em wit fifty rounds
I'm from uptown, young & thuggin' since I was small
Grew up around killas, hung wit tha big dawgs
Nigga we play it raw as it go, were I stay
Run ya mouth too much, get found in a hall way
Wit a head shot, look that's how niggas get it
Keep it on a tuck, nobody know who did it
No evidence, no witness, you just assed out
Busta ass nigga, you just assed out
F**kin' wit a guerilla ah untamed one at that
You leave ya house in ya want I bet ya won't make it back
You could believe that, look betta get it right
Get it twisted if ya want, I betcha gonna loose ya life nigga

(Chorus)

(Mack 10)

(Uh ha, yo ,yo)

All I know is dope slangin' & gang bangin'
Inglewood Cali swangin' & hood hangin'
I'm a ghetto nigga, saggin', starched, & creased
Wit everythang fa' sale from a ki to a quarter piece
Like Baby tha bird, got tha game on lock
An while them youngstas workin' tha block, I'm, cookin' a flock
I'm ballin' & if I'm beefin', I layed for 'em
But tha murders committed recently, I paid for 'em
I got a crew of noodle knockers that'll wait in tha bushes
Wet you up & have you bitches blood runnin' like douches
I'm bout murda, murda, dope, dope, leave bitch niggas no hope
Don't need a red beam cause we sight 'em wit tha scope
Yeah you talk that shit, then grab a gun nigga
But if Mack call tha shot, it's good as done nigga
Cause tha base from tha fo' fo' be bangin' like a drum
An it's cash Money blood, so f**k where you from nigga

(Chorus (2X))
