

Tuuli, Whipped

Whipped

Tied up in my obsession
And you know you're not the only one
You must be taught a lesson
This game has just begun

You look afraid
To find out what I'll do to you
You're in pain
And I wont be the one to you
Stop....It

(Chorus)
I need to (I need to control you)
Control you (I wanna control you)
You let me (You let me control you)
Control you

I heard you over and over
You still keep coming back for more
Your constant need for order
Has made you such a bore

You look afraid
That I will never let you go
You're in pain
And I wont be the one to you
Stop....It

(Chorus)

(Guitar playing)

I need to control you
You let me torture you
I wanna control you
You let me torture you

I need to (I need to control you)
Control you (I wanna control you)
You let me (You let me control you)
Control you (I have to control you)
I need to (I need to control you)
Control you (You let me control you)
You want me (I wanna control you)
To hurt you
