Twelfth Night, The Craft

Crystal breath on infant lips Clear eyes see worlds that don't exist Sparkle 'why',--and curiosity Watch the child become a man--Who will live again, inside you One day he will live again The craft, the craft Teachers word, Cane and command Remove these clouds and head from sand Shattered dreams, --alone and cold Cling to a warmer source of release and vow " I will live again inside you one day I will live again",-the craft, the craft old men die but to be young the rest is yet to be sung--, they will live again, inside you one day they will live again one day they will live again --we will live again --I will live again -- I will live again One day--One day--One day I will live again The craft, the craft--Inside you Inside you To live again inside of you--To live again inside of you--To live again inside of you--

Of you--
