

Twice Born, Through With You

Let go, let go of me
I'm through with all your ways
I said let go of me
I'm through with you in Jesus' name.

This feeling of sadness, be gone from me
God, let me be complete!

God, it's hard to understand the trials of this world sometimes
But I know if I trust in You, I'll get through them
It's all in time, it's all in time.

Satan's trying to mess up my life
But he's got it all wrong
Because we believe in Jesus Christ
We will overcome.
Even when I see there's no hope
I know God's on my side
With our faith, we will win
We will overcome.

These chains of slavery, be gone from me
God, let me taste my victory!
