

Twilight Sleep, Like Murder

Take me off like murder.
You, take me off like murder.
See your shadows on the wall,
Hear your footsteps down my hall.
You've come to steal me away again
and I will go.
You dont frighten with your surprise
though I know.

I'm not convinced of
your innocence, no I'm
not convinced of
your innocence, no.

You, take me off like murder.
Take me off...
You just got to take me on and
take me off and out of this place.
You, take me off like murder.
Take me off...
You just got to take me on and
take me off and out of this place.
Take me off...
Take me off...
Take me off...

See your/my shadows on your wall
hear your/my footsteps creeping down my/your hall
I've come to steal you away again
I know you'll go.
So cool when you feign your surprise
though i know.

I'm not convinced of
your innocence, no I'm
not convinced of
your innocence, no.

You, take me off like murder.
Take me off...
You just got to take me on and
take me off and out of this place.
You, take me off like murder.
Take me off...
You just got to take me on and
take me off and out of this place.
Take me off...
Take me off...
Take me off...
