

Twilightning, Riot Race

Split open face
Another race for vengeance
For 80 seconds on TV
"Just what he needs
Probably on PCP!"
Four clowns in uniform I see

Let arsonists dance, rage surrounded
Don't need a peephole to your brain

I see you fools
The tools of hypocrites
Worshipped, but ruled
I know your face
So watch the riot race
Ripped up and fooled

No need to create
Brains used in venting hate
Did you just get what you deserved?
A shot to my head
Brutalized by a local fed
Corrupted mind bleeding so white

Watch arsonists rage behind your bow tie
Killing your time in shemale sites

I see you fools
The tools of hypocrites
Worshipped, but ruled
I know your face
So watch the riot race
Ripped up and fooled

I see you fools
The tools of hypocrites
Worshipped, but ruled
I know your face
So watch the riot race
Ripped up and fooled

Blindfold yourself and follow
There's too much pride to swallow
When you wallow in your lies
Hide your bluntness in laughter
Aggression growing after
Senseless adoration of your kind

I see you fools
The tools of hypocrites
Worshipped, but ruled
I know your face
So watch the riot race
Ripped up and fooled
