

Twin-A, In Or Out

Everyone talking so much never saying a word
Everyone moves to the sound that we make have you heard
Baby don't fuck with me
Don't waste your energy
I ain't got time you see
Tell me right now
I want to know before you go
Are you in or you out?

So are you in or you out?
Are you in or you out?
Are you in or you out?
Are you in or you out?

Maybe I'll drop 20 pounds til my head hits the floor
Maybe I'll make myself sick til you love me some more

Baby don't fuck with me
Don't waste your energy
I ain't got time you see
Tell me right now
I want to know before you go
Are you in or you out?

So are you in or you out?
Are you in or you out?
Are you in or you out?
Are you in or you out?

You write a song with 2 chords yes you can here it is
You dress a man in a suit know they're all full of shit

Baby don't fuck with me
Don't waste your energy
I ain't got time you see
Tell me right now
I want to know before you go are you in
I want to know before you go are you in
I want to know before you go are you in are you out?

So are you in or you out?
Are you in or you out?
Are you in or you out?
Are you in or you out?
Are you in or you out?
