

# Twin Admiral, The Unlucky Ones

the clocks of the wall are evil in their design  
our days of wine and song never came  
and calendars mark the places we've never been  
so call us the unlucky ones

we walk under ladders as a matter of course  
jump on every crack we can find  
thirteen a day if we get half a chance  
so call us the unlucky ones

i know, i know you're dying to be free

come out and dance a while  
out in the black cat infested night  
we dance on ledges and spires  
with losers and liars  
we don't have a thing to fear

the thrill of it all is we've got nothing to lose  
we drank our poison  
paid all our dues  
and twisted fate until we ripped it in two  
so call us the unlucky ones

i know, i know you're dying to be free

come out and dance a while  
out in the black cat infested night  
we dance on ledges and spires  
with losers and liars  
we don't have a thing to fear

they call us the unlucky ones  
your wandering daughters and sons  
they call us the unlucky ones

come out and dance a while  
out in the black cat infested night  
we dance on ledges and spires  
with losers and liars  
we don't have a thing to fear

so say a prayer for us when you go to bed  
the unlucky ones
