

# Two Hours Traffic, Heroes of the Sidewalk

Sign the contract treaty,  
They won't know what to think about us sweetie,  
Put those bright lights in a jar of our very own  
On the streets with a little love,  
Walk the walk with a little  
red dove, blue cape  
Save our city

Fill our bags up with booty,  
They won't know what to think about us cutie,  
We'll be the heroes of the sidewalks in our town

(Chorus)  
You're my idea of a lady,  
Hold on to my bootstraps baby,  
And drag me around by your ponytail

You wear that dress just a like a new glove,  
I can tell in your eyes it's like a true love,  
Light the candle in the streetlight, let me run

We buy the mallrats money,  
They won't know what to think about us honey,  
They live a rougher life than we,  
They're on their own

(Chorus)  
You're my idea of a lady,  
Hold on to my bootstraps baby,  
And drag me around by your ponytail

Fill our bags up with booty,  
They won't know what to think about us cutie,  
We'll be the heroes of the sidewalks in our town

(Chorus)  
You're my idea of a lady,  
Hold on to my bootstraps baby,  
And drag me around by your ponytail

(Chorus)  
You're my idea of a lady,  
Hold on to my bootstraps baby,  
And drag me around by your ponytail

We're on a roll tonight  
So drag me around by your ponytail

We're on a roll tonight  
Drag me around by your ponytail
