

Two, Leave Me Alone

Shut your mouth
Put that down
Turn it off
I can't think

Don't do that
Put that out
Don't talk back
Watch me sink

Leave me
Leave me
Leave me alone

Who needs this?
Who needs you?
It's my life
So, shut your mouth

Leave me
Leave me
Leave me alone

This burning in my head
Stops me from reing dead
I tear myself in two
That way I never lose
