

# Two Thirty Eight, Made A Way For Moses

(verse 1)

Its 2'oclock now

Im tired

I should be off to bed

My day flew by

where were You

in my heart but not my head

turn on the tv or the radio

but theres nothing for me there

maybe if i sought You or i thought of You

then i wouldnt feel this way

(chorus)

Jesus you made a way for Moses,

can you make one for me now?

Jesus you made a way for Moses...

(verse 2)

Dont You remember when i was younger

what You used to say

what you love and cherish deeply

will turn and kill you someday

although im dying like a martyr

still my flesh belongs to You

but ive come to seek forgiveness

a thing that only You can do

(chorus)

made a way...

made a way...

made a way...
