

# Two Tongues, Tremors

[Max Bemis]

My love, I lack the confidence  
to say what's on my mind  
I guess I'm prone to shaking, sweat  
confounded every time  
I see you do the things you do  
Pale and bright you shine  
Because I need you here with me  
I need you just to see me  
I need you here with me  
It is only a dream to me  
I knew that you could save my life  
without a word exchanged  
Your way with words, so insecure  
Can barely speak my name  
My crumpled spine, and faulty lines  
I'm sick and small and strange  
I need you here with me  
I need you just to see me  
I need you here with me  
It is only a dream to me

[Chris Conley]

I saw you standing there  
Along with your guitar  
Like I was staring into the mirror  
Seeing the same sad scar  
I want to reach into you  
I want to hold you here  
But the tremors in your body make it hard to sleep

[Max Bemis]

Yeah, the tremors in my body make it hard to speak these words  
I need you here with me  
I need you just to see me  
I need you here with me  
Yeah, it is only a dream to me  
I need you here with me  
I need you just to see me  
I need you here with me  
Yeah, it is only a dream to me

[Chris Conley]

(I saw you standing there  
Along with your guitar  
Like I was staring into the mirror)
