

# Twoface, Beautiful To Me

You're beautiful  
To me and life  
You're beautiful  
To me and life

It's a day for a new world  
The irony of life  
I try to fight it  
When life is mean and cruel

You're beautiful  
To me and life  
You're a mystery  
To me and life

It's a day for a promise  
Not one moment will be lost  
I close my eyes to see you  
When life is mean and cruel

My words remain  
Though life it has an end  
My words remain  
I will still love you
