

# Tyga, Master Suite

Fire flow, let me fascinate  
Put python seats, Jake the snake  
I rock Bape, that bathin' grape  
You fake the Bape, that's pump fake  
I ball on turf, that's Chevy Chase  
That's Caddyshack, don't be actin' shady  
Lash out on the owner, nigga  
Don't be harassin' my shorty, nigga  
Borin' niggas, don't be borin', niggas  
I'm the swag god in the holy temples  
Spend [?] on my dental  
Got the ripped denim, black card in 'em  
3 car garage, black cars in 'em  
Need more space to put the Rolls in it  
Rollin' blunts for the fuck of it  
I'm already high, I'm just talkin' shit  
Shit on niggas like an eagle do  
Give that bitch a break like an interlude  
Bought a parachute, eatin' barracuda  
I'm a barbarian rude nigga  
With a ghetto gang and some pretty bitches  
Walk on Jimmy Kimmel with some real killers  
Real niggas, Tommy Hilfiger  
This tommy gun my real hitta

Young nigga chillin' in the master suite  
Ask me where I used to sleep  
In the car parked on the street  
Ask me what I used to eat  
McDonalds like twice a week  
Now I get served in my master suite  
Just watched my bitch masturbate  
Shit's milk, and it's sweet, nigga

Niggas sweet, I'm the candyman  
Here I go again, can't get rid of me  
I'm on Sunset, now I'm overseas  
Lost the Lambo key, I just ordered 3  
Mickey Ds, played the 62  
Red and yellow like Ronald do  
I'm hard to break like a Rondo 2  
Don't weigh a lot but I'll take your food  
Face to face, she give me face  
'Til her face's blue like hunnits, new  
Spend [?] at Mr. Chos [?]  
My mama proud, these niggas bow  
That's Tyga's style, you stole my style  
You a hidden dragon, crouchin' tiger style  
Jungle shit, my niggas wild  
You a bitch, thinkin' out loud  
I'm gamblin', my diamonds loud  
My Rollie face original  
Look on your face like, nigga how  
I came from nothin', had dreams of stuntin'  
Never on the porch, so yeah I want it  
Just to say I have it, now you can have it  
Fuck y'all, I'm just livin' lavish  
Rather die that nigga than to live average

Young nigga chillin' in the master suite  
Ask me where I used to sleep  
In the car parked on the street  
Ask me what I used to eat  
McDonalds like twice a week

Now I get served in my master suite

Real niggas in my family tree  
Rich niggas in my family tree, nigga  
Bad bitches in my fantasies  
That pussy good, and it's clean, nigga  
Shit's milk, and it's sweet  
Me and my bitch beauty and the beast  
She a masterpiece
