From a can of paint, what a nigga thank, put LK on a blank
Now a nigga think he me
Nah, that's some king shit
Pyramids and homicide descriptions, all hail this 20 vision
Sip on the selections, get embodied by my spirit, get money on templates, I'm lifted
Sick with it, dog on my own
Fuck it, I'm tryna bone, knockin at my front door
Leave me the fuck alone, I'm blowin home grown
It's big money on my phone
