Nigga you don't know shit  
From a can of paint, what a nigga thank, put LK on a blank  
Now a nigga think he me  
Nah, that's some king shit  
Pyramids and homicide descriptions, all hail this 20 vision  
Sip on the selections, get embodied by my spirit, get money on templates, I'm lifted  
Sick with it, dog on my own  
Fuck it, I'm tryna bone, knockin at my front door  
Leave me the fuck alone, I'm blowin home grown  
It's big money on my phone  
Cellular, selling dreams for a prettier  
Bad bitch to me, fuck you if you ain't feelin' her  
I'm with her, I see another one I forget her  
I make moves you gotta remember  
Dude you move like a beginner
