

# Tyr, Ragnarok

Tgn, gomul sgn, forminnis ml  
Hevnd og hatur nevnd vundar bl  
vgllum vónin hon doyr  
Htt for heljar grind garmurin goyr  
Vindld, Vargld er komin  
Skeggld, sklmld brtt farin er  
Ber fram herkli merkt av mongun stri  
Brynju og blankan brand og fram vllin r  
Komi hvað koma m, lat so fara alt  
Leingi eg henda dag huga havi fjalt  
Revenge returns to us, this returns to me  
We are bound to battle for eternity  
The wolf restrained in chains, draping in the deep I see  
This war will throw us corpses in a heap  
With heavy hearts we head, on towards the end  
I've done all I can, never will I bend  
Battle clad we ride, over barren land  
Nothing matters on the battlefield we stand  
And I heard my unborn children's Requiem  
I saw carved upon a stone my epitaph  
Sometimes it seems to me there is nothing left between  
Me and eternity  
Again  
With heavy hearts we head on towards the end  
I've done all I can, never will I bend  
Battle clad we ride, for we have to try  
Nothing matters on the battlefield we lie  
All will rise again for a better day  
Earth green with waterfalls where eagles hunt their prey  
Gather our kin against reminiscing times  
All seemed at peace all thought that evil died but then the  
Dragon with fallen in it's  
Feathers entered the world again
