

# Tyrone Wells, Hold On

Lay down underneath the starry sky with me  
Lets let out all our inhibitions run free  
Look up at the milkyway and make believe  
We can really see  
Everything thats in the sky  
Stars, and birds, and planes that fly  
And all the broken dreams  
All the broken dreams

Hold on  
Hold on to me  
Hold me close and hold me near  
Breathe assurance in my ear  
Hold on  
Hold on to me  
When you hold me I believe  
That maybe love is all I need  
Hold on

Every passing night  
Becomes a passing day  
Life just keeps slipping away  
And time is like a sinner that will never change  
It cannot be saved  
the only thing I know for sure  
Is you are mine and I am yours  
So come on over here  
Just come on over here

Hold on  
Hold on to me  
Hold me close and hold me near  
Breathe assurance in my ear  
Hold on  
Hold on to me  
When you hold me I believe  
That maybe love is all I need  
Hold on

Hold on  
Hold on to me  
Hold me close and hold me near  
Breathe assurance in my ear  
Hold on  
Hold on to me  
Bring my head upon your chest  
Here my soul can truly rest

Hold on  
Hold on to me  
When you hold me I believe  
That maybe love is all I need  
Hold on

Just hold on to me  
hold on, hold on, hold on
