

U2, Atomic City

Come all you stars, falling out of the sky
Come all you angels, forgetting to fly
Come all who feel we're not on our own
All U.F.Os, come on your way home

Alone, that's no way to be carrying on
C'mon
Are we betting on a future that's long gone
in luck or in song
You just have to be right one more time than your wrong

Atomic City
Atomic City... (Atomic)

I'm free... where you are is where I'll be
I'm free... so unexpectedly

Come all who serve above and below
Come all believers and all who don't know
Come quick, Come soon, comme ci comme ça
Let me dive into your eyes and blah blah blah
Guitar shaped pool with strings
Etcetera
Sinatra swings
A choir sings
Love is God and God is Love
And if your dreams don't scare you, they're not big enough

Atomic City
Atomic City
(Atomic sun for everyone ... for everyone)
God doesn't play dice
But he likes roulette
The wheel has not stopped spinning yet

I'm free... where you are is where I'll be
I'm free... so unexpectedly
I'm free... I see what's in front of me
And your freedom is contagious
What you've got I wanna be

I'm free.. it took me my whole life
I got the keys to the cages
I'm ready for bright light

I'm free... I came here for the fight
I'm front row in Las Vegas
And there's a big one on tonight
