

U2, Get Out Of Your Own Way (ft. Kendrick Lamar)

Get Out Of Your Own Way
Get Out Of Your Own Way

love hurts
now you look out
who's left with no words?
your heart's a balloon
but then it burst
it doesn't take a cannon, just a pin
your skin's not covering
and resistance
love has got to fight for its experience
the enemy has armies for assistance
the amorist, the glamorous, the kiss
a fist
listen to this

I could sing it to ya all night, all night
If I could, I'd make it alright
Nothing's stopping you except what's inside
I can help you, but it's your fight, your fight.

fight back
don't take it lyin down
you got to bite back
the face of liberty's starting to crack
she had a plan until she got smacked in the mouth
and it all went south
like freedom
the slaves are looking for someone to lean them
the master's looking for someone to need him
the promised land is there for those who need it most
and Lincolns' ghost said

I could sing it to ya all night, all night
If I could, I'd make it alright
Nothing's stopping you except what's inside
I can help you, but it's your fight, your fight.
