

U2, The Dream Is Over

Today...find my way
I met a man in gray
Yesterday

Told a story, oh
Can't bring them though
He was so

The dream is over
The dream is over
The dream is over
(wake up)

Tomorrow, I will sit down fine
I'm gonna pay good mind
He left behind

Saw...he knows I know
Hovering I'll go
He was so

The dream is over
The dream is over
The dream is over
(wake up)

The dream is over
The dream is over
The dream is over
The dream is over

The dream is over
The dream is over...
