U2, When I Look At The World

When you look at the world What is it that you see People find all kinds of things That bring them to their knees

I see an expression So clear and so true That changes the atmosphere When you walk to the room

So I try to be like you
Try to feel it like you do
But without you it's no use
I can't see what you see
When I look at the world

When the night is someone else's And you're trying to get some sleep When your thoughts are too expensive To ever want to keep

When there's all kinds of chaos And everyone is walking lame You don't even blink now do you Don't even look away

So I try to be like you Try to feel it like you do But without you it's no use I can't see what you see When I look at the world

I can't wait any longer I can't wait 'til I'm stronger Can't wait any longer To see what you see When I look at the world

I'm in the waiting room
I can't see for the smoke
I think of you and your holy book
When the rest of us choke

Tell me, tell me What do you see Tell me, tell me What's wrong with me
