

UB40, I've Got Mine

I can take the pressure here
I don't walk the streets in fear
I'm taller than I was last year
'cause I've got mine
What ya want? I've got mine!
What ya want? I've got mine!

No-one is gonna take from me
Frame me or my family
'cause if they do it's plain to see
That they'll get waste

What ya want? I've got mine!

What ya want? I've got mine!

So if you want the same as me
A feeling of security
Then I've got something you should see
You can get one

What ya want? I've got mine!
What ya want? I've got mine!

What ya want? I've got mine!

(repeat 'till end)
