

Uh Oh! Explosion, Let Me Be

One two one two three let's go

Distorted and broken but everybody says that "I can't believe what's gone wrong"
You tell me the truth but it's nothing but lies and you tell me what to do

My whole life heard you say what a lose heard you tell me that you can agree
But I never wanted what you wanted from me so do me a favor and please let me be

You ask me questions I don't know what to say
Think about the problems that cloud in my day
I think what should've said
I think what's wrong and sit but
I don't know where to go

My whole life heard you say what a lose heard you tell me that you can agree
But I never wanted what you wanted from me so do me a favor and please let me be

(Please let me be)
(Please let me be)

My whole life heard you say what a lose heard you tell me that you can agree
But I never wanted what you wanted from me so do me a favor and please let me be

Please let me be
Please let me be
Oh please oh please oh please
Let me be, let me be, let me be
