

Uh Oh! Explosion, Superhero

Well i ain't got no super powers
I don't own a crystal ball
I can't flex a single muscle
And I'm only six feet tall

But I see away my super vision
Super standing next to you
I'll rescue from any villain
And I'm in your future to

And I'll be your super hero
Superhero

Without you its not kryptonite
You're the dif between day and night
I'll walk away in my disguise
I shoot lasers out my eyes
And all I really wanna do is spend all my life with you
I'll walk away
I can be your superman

And I'll be your super hero
Superhero

Superhero
Super
And I'll be your super hero
Superhero
