

Ultimate Fakebook, Tell Me What You Want (Ill B

A night in June
I'm crawlin' out from a silk cocoon
I hit the town
Put on my shoes
Cause Friday night I fall in love
She comes into view
From out of nowhere
A girl so cool
She makes me sick of my excuses
Now I gotta see this through

Does she see me?
Can she hear me?
What I'm thinking to say to her?

Tell me what you want
I'll be it
Darling it's anything you want
Look no more
Just let me stay the night
I'll sleep on the floor
Tell me what you see
I'll see it even if it's invisible to everyone
I think you know that I can see you girl
So don't fight it, love

Just bouncin' through
The dancefloor's beaming with kangaroos
It's been so long since I felt good
That now I don't know what to do
She's got the moves
Butterscotch hair splashes her perfume
And when she smiles it's X-ray
Definitely cuts through a crowded room

Does she see me?
Can she hear me?
What I'm thinking to say to her?

Tell me what you want
I'll be it
Darling it's anything you want
Look no more
Just let me stay the night
I'll sleep on the floor
Tell me what you see
I'll see it even if it's invisible to everyone
I think you know that I can see you girl
So don't fight it, love

And I wish I could
And I wish I would
Everytime I think I, I think should
I feel I'm no good

Tell me what you want
I'll be it
Darling it's anything you want
Look no more
Just let me stay the night
I'll sleep on the floor
Tell me what you see
I'll see it even if it's invisible to everyone
I think you know that I can see you girl

So don't fight it, loveDont fight it love
fight it love, whoa whoa
