

Ultimatum, The Greed Regime, Inc.

Get what you can get while the gettings gotten good.
Command your god machine today, greeds are understood.
Believe you shall, believe I must, in faith I put my trust.
Cosmic jeanie in the sky, its riches that I lust.
Faith...in Greed...in Lust...in Lies

Healing it is guaranteed if you give today.
Your god machine is powerless unless you plant your seed.
The suffering lack in faith in their sins they will burn
as I sit in luxury with the gifts that I have earned.
Faith...in Greed...in Lust...in Lies

Greed Regime it wants you now, promises you gold
Greed Regime Calls you in, if youll sell you soul
The Greed Regime it gives to get, religion for a dream
A Cultic Scheme Is calling out, Indulgence is my name.

Like Robin Hood of old, but in the opposite,
steel from the poor to get rich and buy expensive cars.
I'll feed of their needs and insecurities.
Increase in your faith when you give your cash to me.

Just think about your faith my friend, who do you put it in?
Do you love for what you get or just for who He is?
Can we reduce Almighty God to (an) indulgent Santa Clause?
Jehovah God will not be mocked, He doesn't live by our laws!

(Gal. 6:7-8, KJV)
