

# Ultravox, Hello

Hello, hello, hello  
Welcome to this world you made  
Hello, hello, hello  
It's raining through your sad parade

If you always do  
What you've always done  
Then nothing good will ever come  
If you always get  
What you've always got  
You'll find that loves what you forgot.

Hello, hello, hello  
Welcome to this world you made  
Hello, hello, hello  
It's raining through your sad parade  
Free to bite your bitter pill  
Sorry now, at least until  
Someone is but never will  
Hello, hello, hello, hello, hello.

There's no one to blame  
'cos this was your goal  
You gave your life, your heart, your soul  
Wrapped in deceit  
Loving the lie  
To find that life has left you dry.

Hello, hello, hello  
Welcome to this world you made  
Hello, hello, hello  
It's raining through your sad parade  
Free to bite your bitter pill  
Sorry now, at least until  
Someone is but never will  
Hello, hello, hello, hello, hello.

Hello, hello, hello  
Welcome to this world you made  
Hello, hello, hello  
It's raining through your sad parade  
Free to bite your bitter pill  
Sorry now, at least until  
Someone is but no one will  
Hello, hello, hello, hello, hello.
