

Ulver, Capitel V : Bergtatt - Ind I Fjeldkamrene

Pigen bad for sig
Det maatte ey hende hilpe
Oc med det een nye Pige de rfvede
Foer med hende som de vilde
Oc ey som de skulde

Til der, hvor Skyggernes Huus hun saae
Saa kolde oc evigblaae

Fjeldet tog hende ind
Til sit haarde Graabergkind
Igien herskede Natten dend sorte
Oc nu er hun borte...

Hun skriger med sidste Pust aff siin Stemme
Een Epoche vi aldrig vil glemme
- Een forstened Krop

...Maanen er borte
Ocsaa Stiernerne ere sluknede

Hu! det regner og det bls;
For langt nord i Fjellom
Djupt under Hellom
Der leikar det...

English Translation:

The girl prayed for her (life)
It must not happen to her
And with that a new girl they took
Treated her as they wanted too
And not as they should

There, the house of shadows she saw...
..Soo cold and eternal blue

The mountain took her in
Too it's hard gray cheek
Again the black night regined
And now she is gone...

She screams with her last breath
An epic we will never forget
- A body turned to stone

...the moon is gone
Also the stars have gone out

Ooh! It rains and blows (hard)
Far into the north, in the mountain
Under the ground
There they play...
