

Umphrey's McGee, Hajimemashite

I didn't know things were supposed to be this way
I wasn't told of this before
But had I known about this fall for some time
maybe I could've been or could've known
I once was dropped among this crowd
I didn't know things were supposed to be this way
I wasn't told of this before
"It's all right" was all I heard
"It will blow away, away....."
When it's faded from my mind,
Gone, without this time.....
It's fading fast
