

# Umphey's McGee, Hajimemashite

I didn't know things were supposed to be this way  
I wasn't told of this before  
But had I known about this fall for some time  
maybe I could've been or could've known  
I once was dropped among this crowd  
I didn't know things were supposed to be this way  
I wasn't told of this before  
"It's all right" was all I heard  
"It will blow away, away....."  
When it's faded from my mind,  
Gone, without this time.....  
It's fading fast
