

UnchainD, What I,m Feeling

music by Vincent Bocchini

lyrics by Vincent Bocchini

This is something I need to be
And it means alot to me
And I know it deep within my heart
This is something I need to know
And I want to let it show
I dont ever want to be apart

(Chorus)

What i'm feeling on the inside
I want you all out there to realize

This is'nt just another disguise

I put my faith in light to see
All along it helps me be
It opened a new life in me
It will take me to the day
when I'll hear Jesus say
Well done come with me to stay

(Chorus)
