Toast to the thrown, that we takin, flow stayin amazin,
breakin the fakers, takin advantage of the situation.

Tim' tongues hangin out son, not knowin the outcome,
hold on to your fitted, cuz ull get , your cap spun.

Sippin' on El Capitan, watchin chulas ?

culos shakin' on the floor, smokin that 'port to the ceilo.

It surrounds me, all these hatas wanna crowd me.

Ima cautious mothafucka bout ready to get rowdy.

Derty, Pace, Prem, we blazin this fuckin record,

cap low, eyes peeled, mothafucka check it.

The way we throw it down like the way that you know you done,

keepin a blade at my waste so its not to get crept upon.

Homie you steppin wrong, aint no else fuck wit ya boy except the Don,

now back fore I smack you like yo poppa use to smack yo moms.

(Chorus Derty and Prem)

(derty)

Now make the party jump

let me see you do it.

Music bumpin, everybody in here gettin stupid.

(prem)

till tha mornin, keep the party goin round.

(Verse 2 Dert)

Im in this bitch and everybody know what im about,

shut yo face, my dick'll end up in yo fuckin mouth.

We aint come for no problems make yo feet stomp,

see the girls ass drop, everytime the beat thump.

Get drunk, pass the blunt, do whatever the fuck you want,

Dertys the name got thirtys in hand im burnin ya brain if ya fuck wit me man,

earnin the main upperhand over dudes that be thirty still tryna get into the game.

More clever than most, presentin a toast, to whoever the hoes tryna step to the flow,

as far as the east...we reppin the coast, shake yo ass when we step on the floor.

See me on the scene...same as your dreams...so fresh and so clean, yall know what i mean?

Be wit Don C, and yall gon see, we tha best fuck the rest.

Im walkin out gettin all these bitches off my shoulder,

fuck the police we aint stoppin til the parties over.

Barely sober sippin SoCo, mixin rum n soda,
