

Undead, Invisible Man (Steele)

You pass me every day
But you never hear a word I say
You walk right by the invisible man
But you never see me cryin'
No matter how I try, the invisible man
It's like I don't exist
You can't fake it 'cause you know it's true
I used to be just like you
Until my people came
And I became the invisible man
I used to have a normal brain
But this would drive anyone insane
I spit in your face, the invisible man
Can't you see I'm dying?
It's such a disgrace, the invisible man
The way that you react
You can't fake it 'cause you know it's true
I used to be just like you
Until my people came
And I became the invisible man
But when you see me coming near
But when I scream children cower in fear
It's not my choice, the invisible man
Evicted from the human race
You walk right by the invisible man
Like not a word I say is true
You can't fake it 'cause you know it's true
I used to be just like you
Until my people came
And I became the invisible man
The invisible man
It could be you
