

Under The Influence of Giants, Against All Odds

You're fools gold, we all know
So I'll cry, and try
(Why did you have to mess around?)

So spare me, my lady
Cause I've come to hide.
(Why did you have to...)

I - against all odds
I cant stop loving you
Noo
But you say
I - against all odds
Cause I cant stop loving you
Noo, ooohhh

My sparrow, the arrow
On my time say it again
(Why did you have to mess around?)

This bedroom, with noone home
My farewell to those who say.
(Why did you have to...)

I - against all odds
I cant stop loving you
Noo
But you say
I - against all odds
Cause I cant stop loving you
Noo, ooohhh

(Why did you have to mess around?)
(Why did you have to...)

I - against all odds
I cant stop loving you
Noo
But you say
I - against all odds
Cause I cant stop loving you
Noo, ooohhh

I - against all odds
I - against all odds
I - against all odds
