

Under The Shadow, Whole

See the blood in your hand
From the cutt in your throat
Do you feel like a man?
As you die with no hope
Feel the pain inside
Do you feel alive?
It eats you up inside
And consumes your soul

You can believe it
You can recieve it, oh
You know you need it
Need to fill that hole

I am not a man
I am just a boy
God I need your hand
As the world destroys
Feel the pain inside
Do you feel alive?
Just know Christ died
And can save your soul
Save me, oh oh oh

You can believe it
You can recieve it, oh
You know you need it
Need to fill that hole
