

Undercover (UK), Baker Street

Winding your way down to Baker Street
Light in your head and dead on your feet
Well another crazy day
You drink the night away
And forget about everything

This city desert
Make you feel so cold
It's got so many people
But it's got no soul
And it's taken you so long
To find out you were gone
When thought about everything

(You) used to think that it was so easy
(You) used to say that it was so easy
(But) you're trying, you're trying now
Another year and then you'll be happy
Just one more year and then you'll be happy
You're crying, you're crying now

Way down the street
There's a light in his place
He opens the door, he's got that look on his face
And he asked where you've been
Telling who you've seen and you talk about anything
He's got his dream about buying some land
He's gonna give up the booze
And the one night stand
And then he'll settle down
In this quiet little town
And forget about everything

Don't you know he's gonna keep moving
No, he's never gonna stop moving
He's rolling, he's the rolling stone

When you wake up is a new morning
The sun is shining and it's a new morning
You're going, you're going home
