

Undercover (US), Work It Out

Just once I'd like to
Shut my eyes and
Shut it out to keep myself
Just once I'd like to
Close my eyes and
Brush it all away
Last night the telephone kept yelling at me
Everybody's got their thing
Someday I'm gonna work it out
So let me work, work

Work it out
Work it out, yeah
Work it out
Work it out, yeah

I'm so sick and tired of
Hearing all of that and
Hearing all your big ideas
Ooh, California attitude gets the better of me
Must be something in the air
Now I find it hard to hang with
High maintenance 'cause
I'm an easy going guy
Just once I'd like to
Someday I'm gonna
I'm so sick and tired of having to

Work it out
Work it out, yeah
Work it out
Work it out, yeah

At 20th street when the boats come in
At 5 a.m. at 20th street when the boats come in
The water's so nice at 5 a.m.
And the dolphins sing the dolphin song
At 5 a.m. at 20th street when the boats come in
The water's so nice at 5 a.m.
At 20th street when the boats come in
The dolphins sing
The water's so nice

Work it out
Work it out, yeah
Work it out
Work it out, yeah

You gotta work it out, work, work
You gotta work it out, work, work
You gotta work it out, work it out, work it out, work it out
You gotta work it out, work, work
You gotta work it out, work, work
You gotta work it out, work it out, work it out, work it out
