

UnderGround Fly, Liberated

they told me - walk! - so I've been walking
they told me - run! - so I've been running
they told me - "show us your CV we'll tell you who you are"
they show me how - I must smile
they show what - I must feel
they show me lot of places, where I've never been...

no more!
I said no more!
let me feel, let me feel my way
no more!
I said no more!
let me feel, let my feel my life

now I run, I'm running away

I've never walked - so now I'm walking
I've never dreamt - so now I'm draming
I've never seen things so clear - as I do tonight
I've never seen the truth - now I can see it
I've never felt alive - now I can feel it
I've never felt so free - as I do tonight

I say - no more!
I said no more!...

now I run, I'm running away...

watch my freedom dance...!
let me be gone
let me be warn
let me know when...
I'm alive...
