

Underneath It All, High Roller

High Roller

Here she comes, real high roller
Got no chip's on her shoulders
Toss the dice, win her over
She won't be leaving here alone
Smell's sweat makes you wanna meet her
See the mark, know you can't beat her
She won't be leaving here alone

7 eleven she win's again 7 eleven she win's

Got her game down and she ain't givin up
High life, know she's gonna live it up
She won't be leaving here alone

What a site she's too hot to touch
To win her your gonna need luck
She won't be leaving here alone

(guitar solo)

"Repeat first verse"

7 eleven she win's again 7 eleven she win's
