

Unfinished Thought, Mokienko

Well Hey There John
Are You Captured Just Like Me
Or Were You Just Pretending

Watch Her In The Background
As She Shakes Her Tambourine

Well Hey There John
Why Did We Ever Dare To Dream
That We Were Somehow Different

How Much Would You Charge
For A Memory

But They'll Put Us
Back Where We Belong
Away From Reality

And They'll Show Us
Just Where We Went Wrong
Too Much Energy

Well Hey There John
Why Did We Believe
Gibraltar Was So Distant

Now They're All Right
When They Said We Were So Naive

What Have We Done
They Gave Up On Your Dream
Now No One's Left To Listen

We Gave Ourselves
To The Ones Who Said They'd Never Leave

But They'll Put Us
Back Where We Belong
Away From Reality

And They'll Show Us
Just Where We Went Wrong
Too Much Energy

But They'll Put Us
Back Where We Belong
Hide Your Sincerity

And They'll Show Us
Why Our Dream Is Gone
Too Much Complexity

Well Hey There John
It's Not That Bad
She Was The Best Dream I Never Had
