Unfinished Thought, Mokienko

Well Hey There John Are You Captured Just Like Me Or Were You Just Pretending

Watch Her In The Background As She Shakes Her Tambourine

Well Hey There John Why Did We Ever Dare To Dream That We Were Somehow Different

How Much Would You Charge For A Memory

But They'll Put Us Back Where We Belong Away From Reality

And They'll Show Us
Just Where We Went Wrong
Too Much Energy

Well Hey There John Why Did We Believe Gibraltar Was So Distant

Now They're All Right When They Said We Were So Naive

What Have We Done They Gave Up On Your Dream Now No One's Left To Listen

We Gave Ourselves To The Ones Who Said They'd Never Leave

But They'll Put Us Back Where We Belong Away From Reality

And They'll Show Us Just Where We Went Wrong Too Much Energy

But They'll Put Us Back Where We Belong Hide Your Sincerity

And They'll Show Us Why Our Dream Is Gone Too Much Complexity

Well Hey There John It's Not That Bad She Was The Best Dream I Never Had
