

# Unjust, Dead Man

unspoken misery new times,  
new fears to beat unwanted disesteem the pains of a nomad  
feel lost,  
blind vagabond omitted filth to none  
afoot seamlessly the rott of a dead man

faith, i am left isolated the shit pissed  
and hated condemned life secluded frigid, not included

abandoned left dead unwanted dead man

myself, my pot of dreams  
deserted all that's me  
unwanted family the pains of a lone man

bleeding society take all,  
f\*\*k dignity breakdown my will to be  
the son of correction

i didn't want to be lone and scraped on...  
"lost soul ... dead soul"  
i didn't want to be scraped on...  
"lost soul ... dead soul"  
set you free ... set you free...

unwanted misery bleeding society take all,  
f\*\*k dignity  
dead man!  
dead man!  
dead man!
