

# Unkle, Hold My Hand

Hold my hand  
I need you now  
Slow me down  
I don't know how

Hold my hand  
I need you now  
Slow me down  
I don't know how

Are you living the feeling  
The highs are they worth seeking  
Nothing like believing  
Are your drugs healing

Hold my hand  
I need you now  
Slow me down  
I don't know how

Hold my hand  
I need you now  
Slow me down  
I don't know how

Are you really living  
Or do you seek loving  
Are you happy being  
Or do you search for meaning

Are you ever asking  
Questions they need answering  
You're not really hearing  
You really need releasing

A million pieces broken  
A million secrets unspoken  
A million pieces broken  
A million secrets unspoken

Hold my hand  
I need you now  
Slow me down  
I don't know how

Hold my hand  
I need you now  
Slow me down  
I don't know how

Secrets everywhere  
Secrets everywhere  
Secrets everywhere  
Secrets everywhere
