

# Unleashed Power, Mindfailure

Spectator of the matrix in the lens

Hence the view destructive and intense

Failure to apprehend

Failure to comprehend

A sight not to be seen by mankind

The kind of thing that overpowers the mind

Failure to apprehend

Failure to comprehend

Mind Failure

Mind Failure

Eruptive feelings explode

Logistic measures erode

Aggressive actions taken

A beast that has awoken

Who is it I am?

What is it I am?

Conflicts surely escalates

With intangible debates

Can't fathom reality

Nor my personality

Who is it I am?

What is it I am?

With stress building, struck dumbfound

On a verge of a nervous breakdown

Failure to apprehend

Failure to comprehend

Fail
