

# Unlord, Begehme Ir Mista Begehme

(Scrolls of truth revealed)

Know how to dominate, the force to terminate,  
the lives of thousands are in my hands  
I see betrayal, but do I care, no I don't care 'cause I'm not there  
Hear nothing, see nothing, say nothing, do nothing,  
so are you and you always will  
Follow the leader, the leader I am, from Hell I'm sent, I came to kill  
Begehme ir mista begehme, begehme ir mista begehme,  
begehme ir mista begehme, begehme ir mista begehme  
Don't come and tell me, that you never knew, you saw it coming  
but what did you do,  
Following orders and who disagreed, was simply outtaken  
and put on his knees  
A life is not a hard time to spend, but don't blame me  
but the one who has sent You to see me  
for I'm the judge, and on my anvil your head is crushed  
Begehme ir mista begehme
