

# Unsteady, Bad Attitude

Times are hard for us all.  
You think it's just bad for you.  
Complain, but it's not my fault.  
So what am I supposed to do?

you've got a bad, bad attitude.  
You'd better lose it fast.  
you've got a bad, bad attitude.  
I think your chance has passed.

I've seen your kind here before.  
You think we did your wrong,  
But selfishness was your cause.  
Lost causes don't last long.

you've got a bad, bad attitude.  
I've nearly had my fill  
You've got a bad, bad attitude.  
It's gonna get you killed.

You start again on your own.  
(You) think all of us were just fools.  
You want the world to be fair,  
But you want to dictate my rules.

you've got a bad, bad attitude.  
You'd better lose it fast.  
You've got a bad, bad attitude.  
I'm gonna kick your ass!
