

UnSun, On the edge

I've changed my world
When you were away, Im waiting?
That is my truth? without you
That is my escape
I close my eyes
You disappeared behind the doors of my heart
I cant listen to your lies
I dont hear your bitter words
I cant look in back
I search for my love
I search for my luck
I cant be taken care of
I close my eyes
You disappeared behind the doors of my heart
I cant listen to your lies
I dont hear your bitter words
I close my eyes
You disappeared behind the doors of my heart
I cant listen to your lies
I dont hear your bitter words
This time has been lost
Never were together,
And never will be?
Now you suffer the most
You light my fire when I fall
You light my fire when I fall
You light my fire when I fall
You light my fire when I fall
I close my eyes
You disappeared behind the doors of my heart
I cant listen to your lies
I dont hear your bitter words
I close my eyes
You disappeared behind the doors of my heart
I cant listen to your lies
I dont hear your bitter wor
