

Untoten, Absence Of Light

Hopeless standing on a eyeless hill
Its like a fool
Catching of the rain with eyes and holes
My valley of tears

Getting futher down towards my soul
Into the edge
Into the hopeless into the fearless world

I go: Im dying for you
Im dying, Im dying, Im dying
Im dying for you

Fearless reighning over worms of darkness
Its like a god
Catching of the blood with mouth and soul
Its my shadow of death

Getting futher down towards the en d
Into the abyss
Into the hopeless into the fearless world

I go: Im dying for you
Im dying, Im dying, Im dying
Im dying for you
