

# Unwritten Law, Lonesome

Well I'm here, but I don't wanta stay  
Cause you're not around  
And I'm feeling lonely  
Same old episode for me, heading for catastrophe  
And I can see that its  
Association with the past  
So think about it  
It's like a tie that did not last  
Don't move so fast  
Don't run  
Cause you might find out, find out I'm the one  
And I still feel lonesome  
Nothing's changed, it just gets rearranged when  
You come around, so now what's your story  
You were never there for me  
So I'm going out to see  
Cause I can see that it's...  
Association with the past  
So think about it  
It's like a tie that did not last  
Don't move so fast  
Don't run  
Cause you might find out, find out I'm the one  
And I still feel lonesome  
Now you're here, but I don't wanta stay  
Cause you weren't around, now you say you're sorry  
And nothing's changed, it's just been rearranged  
So stay down, just stay down
